MEMORANDUM FOR THE RECORD

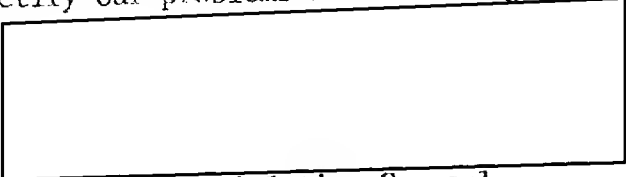

SUBJECT: Civil Service Reform

1. The House Post Office and Civil Service Committee will issue their report on Civil Service Reform bill (H.R. 11280) today or tomorrow.

2. We have been unable to meet with Mr. Simon Lazarus, due to his unavailability, regarding our remaining problems with the bill. The same situation has prevailed with the Senior Committee staff.

3. Therefore, we shall begin to prepare position statements as well as suggested amendatory language. Legislation staff will also determine which House members might be most effective in proposing floor amendments in order to rectify our problems with this legislation.
